North Warren Counseling Center (NWCC) is the latest entity of Little Hill Foundation, which is a not-for-profit organization founded in 1957. For over 60 years we have been a leading provider of long term substance abuse residential treatment. More recently we have identified the need in our community to provide short term outpatient care with the understanding that early intervention is crucial. NWCC offers a comprehensive treatment experience for families struggling with mental health and substance abuse.
